# Scoring Directions

## Individual item scoring

- Check the column that best matches current practice.
- Mark NA if the item does not pertain to your work or role.
- Transfer the number relevant to your answer to the Score column.

Environment							
	1	2	3	4	NA	Comments/Why	Score
Quiet time spaces are available so children can remove oneself from other children to calm down:	<input type="checkbox"/> Rarely or never	<input type="checkbox"/> Sometimes	<input checked="" type="checkbox"/> Often	<input type="checkbox"/> Always	<input type="checkbox"/> NA		→ 3

Answers in column 4 are best practice.

Space is provided to make comments or notes after each item listed under each section. These notes can help in determining successes or opportunities for improvement.

## MOOD *fit*-Score

1. Add up all of the numbers in the score column and place the total number Section A.
2. Count how many items were actually scored and place the number in Section B.
3. Divide line A by line B. This is your MOOD *fit*-Score.
  - The highest possible score is 4.

What is your MOOD <i>fit</i> -Score?	
A. Total of all scored items	→ 86
B. Number of scored items	→ 30
<b>MOOD Score = A/B</b>	→ 2.86

Review the items on your self-assessment

- What are you doing very well?
- What are some places you would like to improve on?
